

Amendments to the Drawings:

1. Re-label Fig. 5 as -Fig. 6--; and
2. Re-label Fig. 6 as -Fig. 5--.

Attached are:

1. Replacement drawings for Figs. 5 and 6 (2 sheets) which include the proposed amendments; and
2. Annotated copies of prior Figs. 5 and 6 (2 sheets) showing the changes in red thereon.

REMARKS

The amendment to the specification is self-explanatory. No new matter has been added. Approval and entry is respectfully requested.

The drawings have been amended to re-label Figs. 6 and 5 as --Figs. 5 and 6--, respectively. This correction is supported by the description in the original disclosure. See, for example, the description in the English language translation on pages 26-30. The various descriptions of Fig. 5 in the specification clearly relate to original Fig. 6 (re-numbered as Fig. 5), and the various descriptions of Fig. 6 in the English language specification clearly relate to original Fig. 5 (re-numbered as Fig 6). See also, for example, the description including the "cryo pump CP" at page 26, line 13 of the English language specification. The cryo pump CP is shown in original Fig. 6 (re-labeled as Fig. 5).

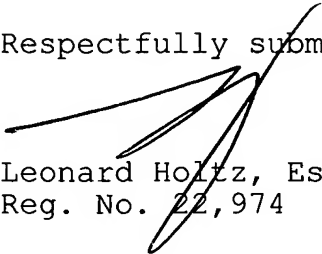

No new matter has been added in connection with re-labeling of Figs. 5 and 6 of the drawings. It is respectfully requested that the corrected replacement sheets of drawings for Figs. 5 and 6 be approved and entered in replacement for the original sheets.

Application No. 10/569,167
Preliminary Amendment

Customer No. 01933

If the Examiner has any comments, questions, objections or recommendations, the Examiner is invited to telephone the undersigned at the telephone number given below for prompt action.

Respectfully submitted,

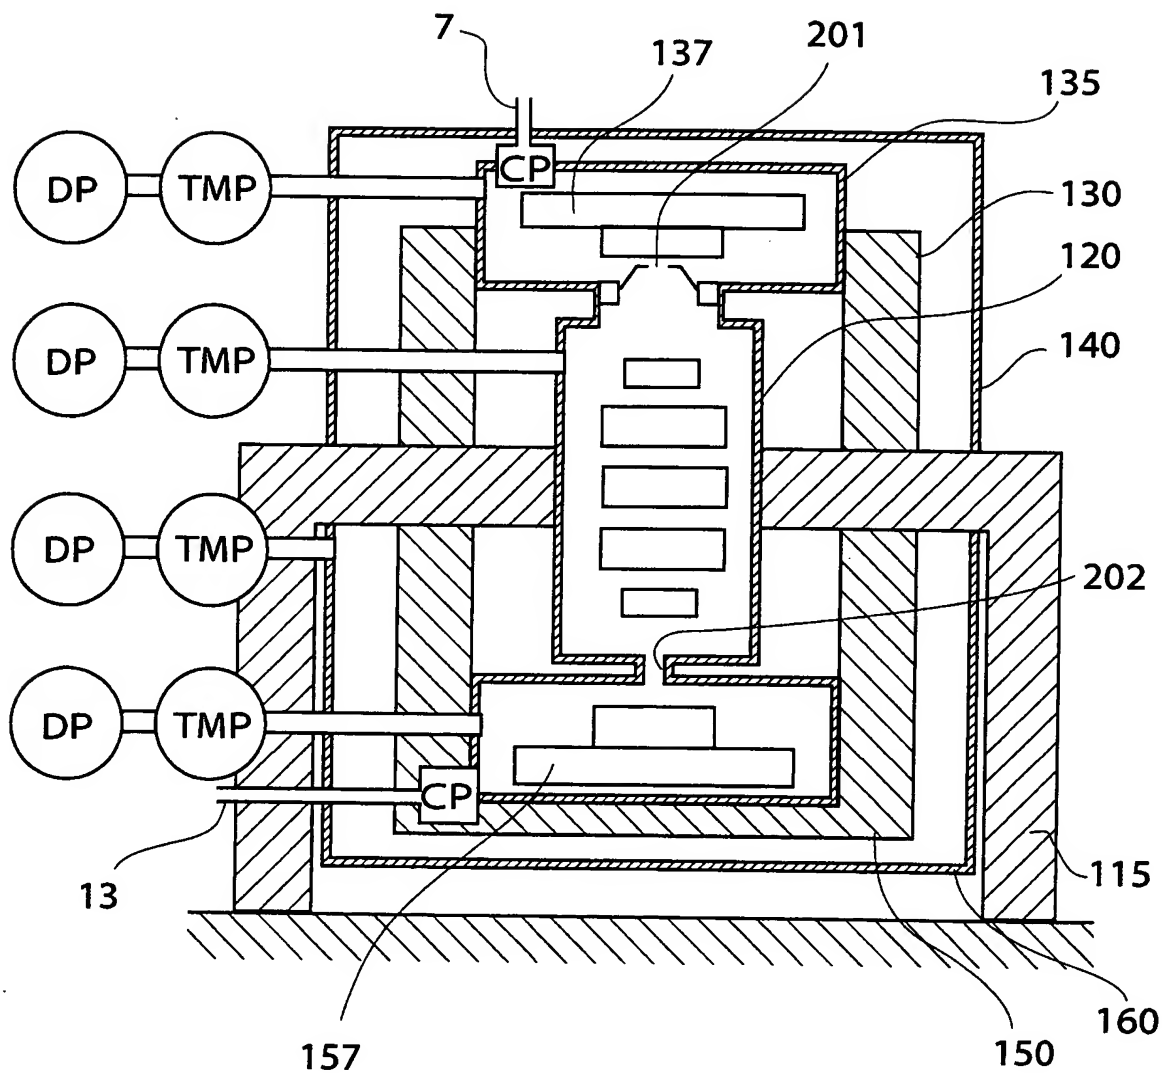

Leonard Holtz, Esq.
